

Changing Perceptions of Security and Interventions

CPSI: A social science security research project in the 7th FW

Heather Griffioen-Young

Sociaal en Cultureel Planbureau

Characteristics

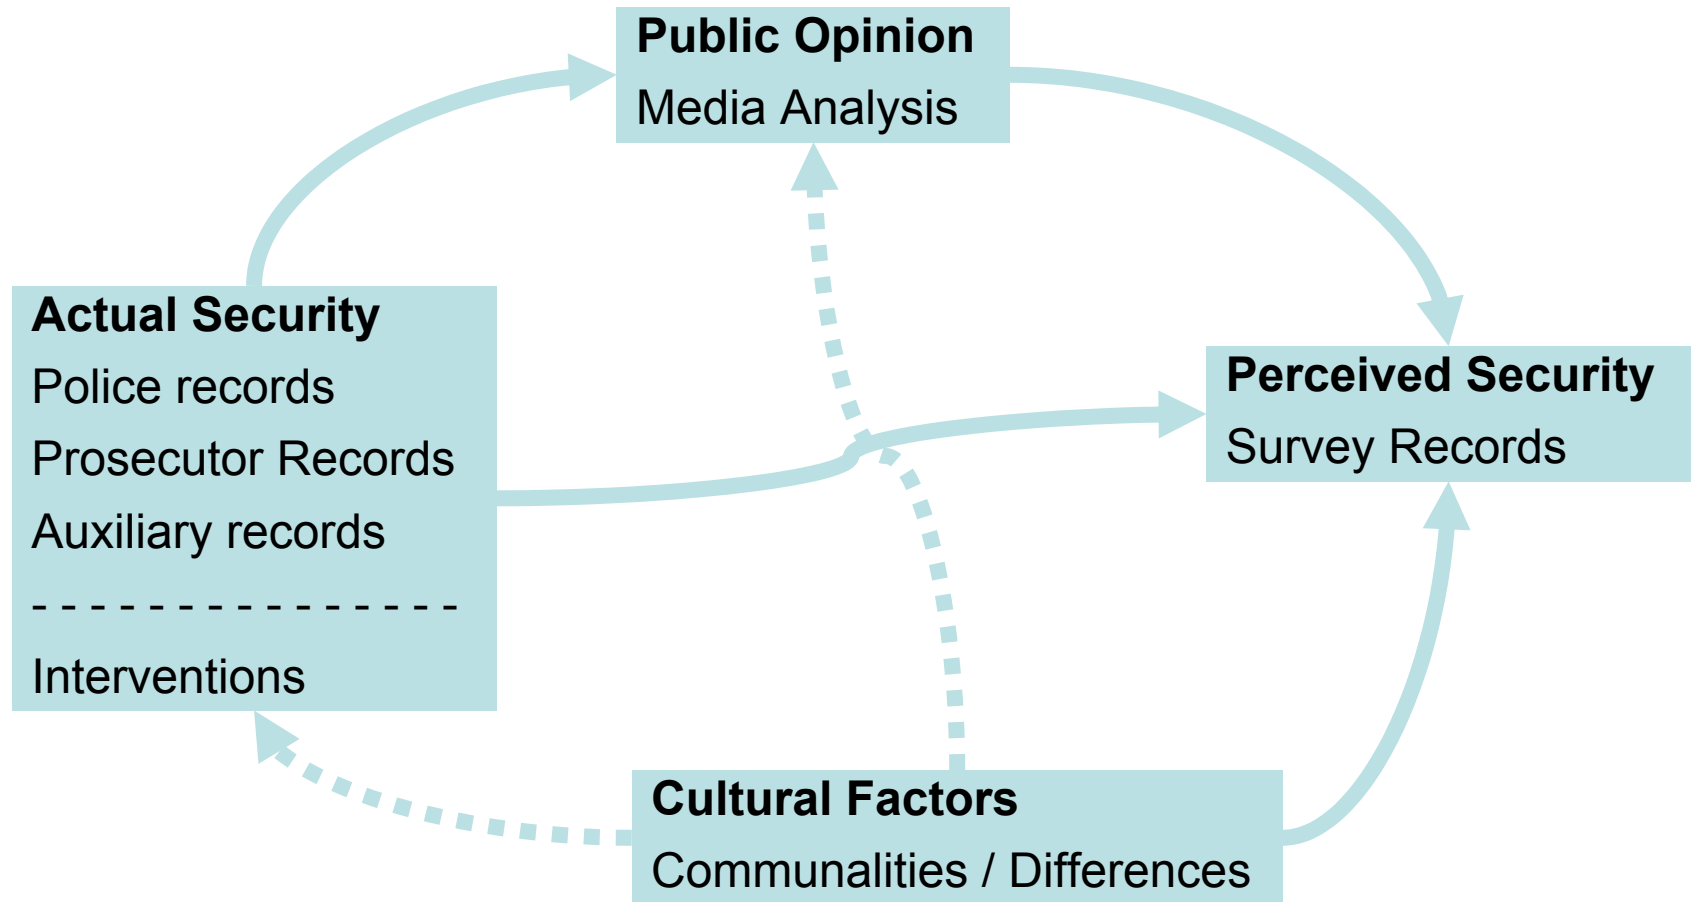

- FP7 Security project
- 9 partners from 6 countries
- TNO is coordinator
- 24 months (April 2008 – March 2010)
- 2.7 Meuro

CPSI is...

A methodology to collect, quantify, organize, query, analyse and interpret data on actual and perceived security, determinants and mediators

Conceptual starting point

Research questions

- How safe are people and how safe do they feel?
- Which interventions work where?
- How does security change over time?
- What is the role of the media in security?
- Can we develop a uniform tool for international use?

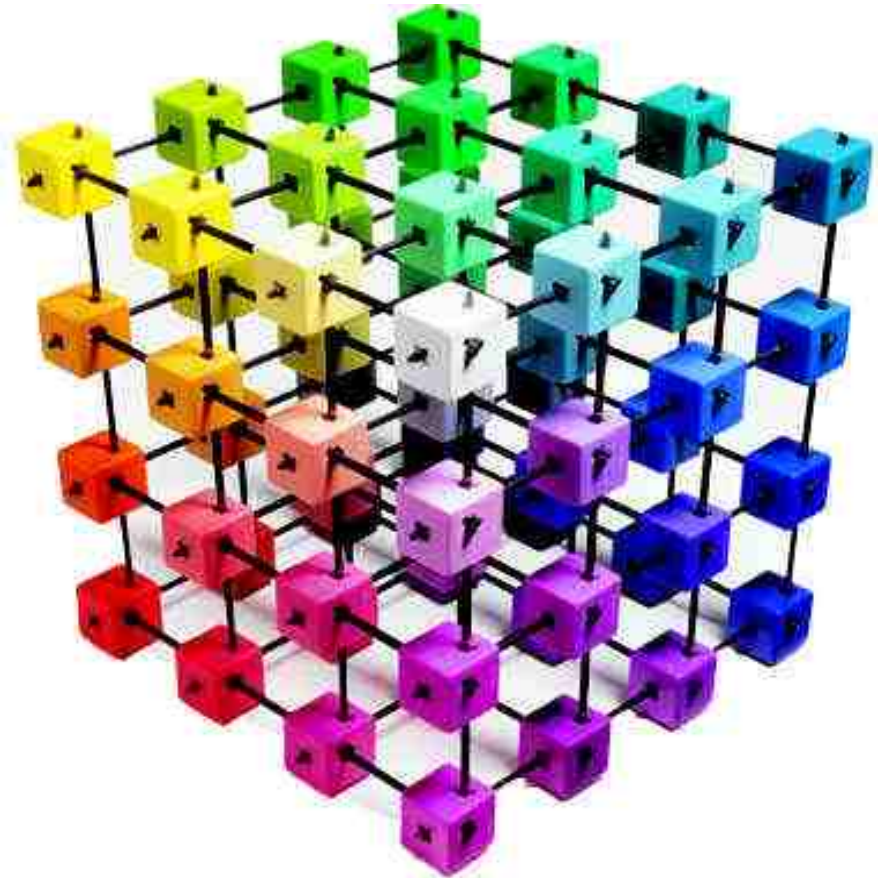

End Users

- Governments
- Law-enforcement agencies
- Emergency services
- Other policy makers and strategy developers

What are we doing?

- Developing a conceptual model
- Building a data warehouse
- Proof-of-principle study
- Dissemination

Deliverable

CD-ROM describing:

- Detailed description of the activities in the project
- CPSI instruction manual
